**The Project** – The project is to provide 3 meals a day and meet hospitalization expense upto Rs. 10,000 per annum per person.

The NGOs have to first identify 25 old age people who are from poor background and who do not have anyone else to support them. Mother NGO from Bangalore will provide funds to NGOs who are interested to provide this service to a maximum of 25 old age people in their respective location. The project does not demand shelter to be given to them. However, if the NGO provides shelter, we will give priority to such NGOs.

A survey form will be given to the NGO in which the profile of the old age person with photograph must be filled up and sent to us.

### Step 2

3 good hotels in the city must be identified in different locations where these old age people can go these hotels to have their food every day. The menu and the price for the food being supplied should be pre-decided and agreed upon by the Hotel authorities and only that menu should be served to these old age persons who will be visiting them to take food. These 3 hotels must be of high standard and should give quality food to these old age persons. The hotel authorities must produce the bills along with proof of supply of food and get payment from the NGO.
